Re: Application Number 18992

My name is Rosalind A. Knapp. I own and live in the property at 1011 E Street SE, Washington, DC. I am opposed to the variance being sought for the property at 1015 E Street SE (Application Number 18992). I am concerned about adverse impacts on my property relating to light, air flows, sight lines, and heating and cooling. I am also concerned about possible damage to the root system of a large elm tree in my back yard.

I appreciate your consideration of my views.
