To whom it may concern:

We live behind our neighbors Colleen Reilly and Gary Addie who live at 2412 Chain Bridge Road, Washington, DC 20016. Our homes share a high back yard fence.

We have not objections to the modest addition they would like to build which really is going to have no negative impact on our sightlines, space, or light. We think it will enhance our neighborhood.

We are in support of their application.
