

To:

Jennifer & Stuart Pierson  
5435 Sherier Place NW  
Washington, D.C. 20016

And to Advisory Neighborhood Commission members, and to others whom it may concern,

I have read the description and reviewed the Pierson Residence drawings dated February, 2015 that depict the Piersons' proposed residential renovation project.

☒ As it appears that their project will have little or no impact on neighboring properties, I support the application and requested relief stated in their letter.

Other Comment: *same to be saluted*
