

To:

**Jennifer & Stuart Pierson
5435 Sherier Place NW
Washington, D.C. 20016**

And to Advisory Neighborhood Commission members, and to others whom it may concern,

I have read the description and reviewed the Pierson Residence drawings dated February, 2015 that depict the Piersons' proposed residential renovation project.

☒ As it appears that their project will have little or no impact on neighboring properties, I support the application and requested relief stated in their letter.
