Re: Letter in Support of BZA Application No. 19007 – 18 T Street NE

Dear Chairperson Jordan and Members of the Board:

I am an adjacent neighbor and am writing to express my support for the application for zoning relief at 18 T Street NE submitted by Jonathan and Jessica Leonard, the buyers of the upper unit of that property.

The nature of the relief requested in this application has been explained to me in detail. I understand that no additional work is proposed. The work that has already been completed does not have any adverse impact on my property or on the character of the block.

I also understand that if the relief is not granted, the property is likely to remain vacant for some time, as this property is tied up in the investigation of the developer by DCRA. Despite this, Mr. and Mrs. Leonard are eager to complete their purchase and move into the property – I think that should be able to happen without any further delay.

I urge the Board to approve the application as proposed. Thank you for the opportunity to provide feedback.

Sincerely,

Latania McRae
