Good afternoon Marty,

Per your request, I made arrangements for you to get copies of the building plans for permit number B1408394 for 2026 North Capitol Street, NW. I completed the form provided by the DCRA Records Department staff requesting the copies and made follow up visits to check on the status. On Tuesday 7-14-15 I was notified that the drawings and paperwork were located and were being sent to Blue Boy Document Imaging in Washington, DC for reproduction. I then informed you to call Blue Boy to make payment for the copies and explained that you could send a courier over to pick them up.

Sincerely,

Michele
