

Declaration of Opposition (BZA App. 19034)

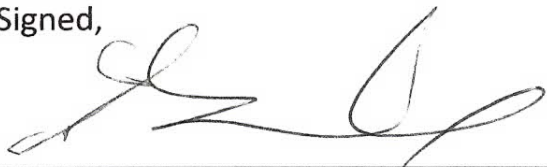

FOR USE OF
SQUARE 333, LOT 36

AS A
COMMERCIAL PARKING FACILITY

I, Sam Steward, as a resident of
1928 11th St NW, am negatively
impacted by the current illegal use of the residential lot know as 1931 11th St NW
as a commercial parking facility, as this use clearly and negatively impacts the
historical, residential character of the area, adding to traffic and noise on a
predominately residential street. The lot is consistently a site for loitering, litter,
public urination, and other illegal activity.

I oppose the issuance of a zoning variance to allow the continued use of this lot as
a commercial parking facility and believe that a return of this property to its
historic residential use, in keeping with its R-4 zoning, would contribute to the
continued revitalization of the area.

Signed,

 5/15/15
