Re: 1511 28th Street SE BZA Application No. 19046

This letter is in respect of an application we have pending before the Board of Zoning Adjustment (BZA) for property of reference located at 1511 28th Street SE, which immediately adjoins your property

The application before the BZA is to request special exception to allow the preservation of an already constructed second story, which was constructed without a permit by a previous owner, prior to my acquisition of the subject property. Hence there will no contemplated change to the massing of the building as exists currently and as viewed from your adjoining property

Although the scheduled hearing of our application is not until July 21, 2015, this letter is to solicit your support of my application or a position of no objection, by appendage of your signature in the line provided below.

You are welcome to contact Toye Bello, who is representing us in this application if you have questions about our application or if further clarification is required on 202-289-1663, extension 203 or via email at toyebello@bandblc.com

Your support of or no-objection to our project is appreciated in advance.

Respectfully,
