MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Sam Zimbabwe
Associate Director 

DATE: June 26, 2015

SUBJECT: BZA Case No. 19051 - 1609 Levis Street N.E. (Square 4074, Lot 804)

APPLICATION

Pursuant to 11 DCMR §§3103.2 Richard Gbolahan (the "Applicant") seeks a variance from the lot area and width requirements under §401, to allow the construction of a new three-story, one-family dwelling in the R-4 District at premises 1609 Levis Street N.E. (Square 4074, Lot 804)

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicants' request and determined, based on the information provided, the proposal will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested variance.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning variance should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
