Josh,

I heartily support your renovation project at 2905 28th Street NW. As your closest neighbor, residing right next door at 2901 28th Street NW, I feel your proposed renovation work will be a vast improvement to the use and function of your property and I welcome your renovation initiative.

All the best,

Hi Patrice. As we discussed, our local ANC is meeting on Monday to make a determination on my proposed renovation at 2905 28th Street NW and they have asked for confirmation that my neighbors have been consulted and have no objection to the plan. They said an email would suffice. So based on your and my conversations, I'd like to take you up on your offer to lend your support. If you could please respond to this email confirming your address and simply stating that you've reviewed the plans and have no objection, that would be much appreciated. I doubt they'll need anything further on this.

Thank you. As always, please let me know if you have any questions or concerns.

Best,

Josh
