RE: Appearance on behalf of Concerned Citizens of Allison & Buchanan Streets in BZA #19067 (1117 Allison St. NW)

Dear Mr. Jordan,

I am writing on behalf of Concerned Citizens of Allison & Buchanan Streets (the "Association") with respect to the above-referenced appeal. As you know, the Association has timely filed a request to intervene and application for party status in the appeal, which is now scheduled for a hearing on October 27, 2015. At the time the Association filed its application, the hearing was scheduled for September 29.

Unfortunately, I am participating in a deposition in Reston, Virginia on October 27, and will be unable to attend the hearing. However, Lyn Abrams, who is a founding member of the Association, will be in attendance, and I request that she be permitted to appear for the Association in my stead. She has been authorized by the Association to represent it at the hearing, and preserve all issues for a possible appeal.

Sincerely,

Andrew Wible
