Re: Proposed Bump-up addition 215 A Street NE BZA 19086

To Whom it May Concern,

My name is Jessica Chertow. My husband Daniel Chertow and I currently own the rowhouse at 7 Terrace Court NE.

We have concerns regarding the bump-up request at 215 A Street.

Since our home sits directly southeast of 215 A Street with direct sight of the Slater's back yard from our front window and stoop, we are concerned this new addition will negatively impact the light we currently have.

Moreover, we are concerned that if one household is given the opportunity to build such an addition, more homes on A street will do the same increasing the negative impact it will have on Terrace Court residents specifically our home which sits closest to the A street homes.

We were never informed or asked if we approve this build on.

Terrace Court residents will be negatively impacted by this bump-up and therefore our voices should be considered as equally important as direct neighbors of the Slaters.

Let me know what I can further do to get my opinion heard.

Sincerely,

Jessica Chertow, PhD
