Re: BZA Application #19087

To the BZA Chairman:

My husband and I received a notice the Mr. Andrew Weinschenk and Ms. Rachel Cononi would like to build an addition on to the second floor of their home at 602 A Street NE. We live at 607 Constitution NE, across the alley from 602 A Street. We see absolutely no reason why Mr. Weinschenk and Ms. Cononi should be denied their request. Just the opposite- we think it is wonderful that they want to improve their home and stay in our terrific neighborhood. Adding an addition to the back of the second floor of their home will not in any way change the character of the historic district and can only add to their property value and the quality of their lives. We hope that you will grant their request.

Respectfully submitted,

Kathryn Lenter
