Hey Ashton –

As you know, we're planning on adding a garage behind our house. We've just been informed the approval process needs a more rapid review of our plans from us to our ANC Board than the initial March 12 hearing you received a letter about last month.

I've included our plans & correspondence with the ANC – basically, we need letters of approval from our immediate neighbors by Monday, Feb 4th.

Is it possible for you to write a quick note stating you approve & have no objections with our addition? Just need to have it back to us by Monday & please include your contact information in case they'd like to confirm. Something handwritten at the bottom of this or emailed to our addresses below would suffice.

Thanks for anything –

Re: 1120 Park St NE - ANC Zoning Relief Request

Dear ANC Commissioners,

As neighbors to 1120 Park St. NE we would like to state our unqualified **support** for a special exemption/exception to allow the construction of a garage at the rear of 1120 Park St., which we understand would match the existing garage length of our neighbor's existing garage at the rear of 1118 Park St. NE.
