

Board of Zoning and Adjustment:

This is in regards to case number 19094. I am a resident of ANC5E which is in proximity of 64 W Street NW. I would live to voice opposition to the request for exception from this property, I also oppose any more pop-ups, or expansions, or divisions of property beyond 2 separate units. No exceptions to the current restrictions in regards to pop-ups, expansions and number of units should be granted.

V/r,

LCDR W. Victor Dymond
