Re: BZA Case No. 19097 (1626 29th Street, N.W.)

Dear Chairman Jordan and Members of the Board:

My wife and I own and reside at 1624 29th Street, N.W. We are writing to express our support for the proposed addition in this application. The owners of the house in this case recently reviewed their plans for the addition with us, and we are pleased by the architecture and placement of this addition. I believe that it will be a nice enhancement to the house and the community.

The proposed addition is very suitable for the house. Because it will be relatively minor, the addition will not impact the light, air, or privacy on my property. It will be minimally visible from most any vantage point. Also, the high quality design of the addition will maintain the character of the house and the neighborhood. We support the Board's approval of the addition.

Sincerely,

A handwritten signature in black ink, appearing to read "Jad Donohoe", with a stylized, cursive script.
