RE: RE Case # 19099 (For BZA Hearing Today at 9:30 a.m.)

I am opposed to a Parking Variance for the applicant:RP 3701 NW LLC
We, residents have been suffering for lack of parking spaces
for too long. Particularly during weekdays due to mass commuter
parking. I dare not move my vehicle to run errands or anything else
for fear of not finding a parking space upon return.

I vehemently oppose this proposed VARIANCE - we are already
overloaded with too many cars.

I have been a resident for more than 40 years and would like to
see less parking not MORE.
