Board of Zoning Adjustment

Subject: BZA Case 19101 (Darryl) O.A. Sulekoiki 2112-2126 3rd St NE

I am in opposition to both exceptions filed by the developer Darryl) O.A. Sulekoiki at 2112-2126 3rd St NE

1. His request for exemption from the requirement to provide the number of affordable unit as required by DC LAW and
2. His deliberate blacktopping (confiscation) of public space in order to provide off street parking to the new tenants of said property.

I am requesting the BZA to uphold the Laws of The District of Columbia, to apply fines as necessary and to require the developer to return the confiscated public space back to it original condition.
