To whom it may concern:

My husband, Peter Lande, and I have no concerns or reservations about the project proposed by our neighbors Sandy and Bonnie Roskes at 3008 Ordway St. We are near neighbors and have spoken with them and viewed the property on several occasions. We are convinced that the project will have no adverse effects on neighboring properties. We can see the property from our back yard and note that, since it is proposed to be a one story addition, it will not be intrusive and, in fact, will be barely visible. I believe that no trees or shrubs will be removed and the project will not be able to be seen from any street or alley.
