

Councilman Evans,

I am a Ward 2 resident who has been voting for you since 1997. I've also been a member of St. Thomas' Parish for nearly that long. I am writing to support the parish's application for a zoning variation.

Many of my neighbors think that St. Thomas' members are interlopers but we are also members of the community. I support my congregation's decision to develop our property in order to provide a long term home for our church.

Thanks,  
Jean Holman  
Washington, D.C.
