

Councilman Evans:

I am a resident of Dupont Circle (1738 Q Street) and write in support of St. Thomas' building project. St. Thomas is a great asset to Dupont Circle and reflects the welcoming spirit and diversity of the neighborhood. I have attended service there on several occasions, and while I have enjoyed the service, it is clear that the church needs a new home. It needs a better and bigger space in order to thrive. I know that St. Thomas has worked hard to take into account the views of the neighborhood in revising its building plans. I think the current plans reflect a reasonable compromise of all interested parties' views and hope to see the project move forward.

Thank you.

Amy Brown
