Board of Zoning Adjustment

Re: Application No. 19133 of J. River 1772 Church Street and St. Thomas' Episcopal Parish

Dear Ms. Bardin:

Please be advised that I own a home and live within 200 feet of the above cited project and have concerns about the proposed building to be constructed by the applicants on Lot 369 in Square 156. I oppose granting the requested lot occupancy increase.

I believe the Dupont Circle District Overlay should be taken into consideration since the project is located in the Dupont Circle Historic District. The project is exceptionally large in the context of the small scale residential dwellings that predominate on this block of Church Street (**which is why the neighbors and I bought on this street in particular, and an important aspect of Dupont Circle's neighborhood**) and will have detrimental impacts on the use and enjoyment of my property. The proposed building will contribute to traffic congestion on 18th Street and Church Street, overburned the narrow 12-foot alley between Church and P Streets and 17th and 18th Streets, and deprive light and air from adjacent properties.

Thank you for your consideration.

Michael Sisk
