**DEPARTMENT OF TRANSPORTATION**

**d. Policy, Planning, and Sustainability Administration**

**MEMORANDUM**

**TO:** District of Columbia Board of Zoning Adjustment

**FROM:** Samuel Zimbabwe  
Associate Director 

**DATE:** January 5, 2016

**SUBJECT:** **BZA Case No. 19151** – 402 Burbank Street, SE

---

**APPLICATION**

Saratoga Housing Inc. (the “Applicant”), requests a variance from the off-street parking requirements under § 2101.1, to construct a three-story, one-family dwelling in the R-2 District at premises 402 Burbank Street S.E. (Square 5398E, Lot 30).

**RECOMMENDATION**

The District Department of Transportation (DDOT) has reviewed the Applicant’s request and determined that based on the information provided, this proposed project will have no adverse impacts on the travel conditions of the District’s transportation network. The proposed project may lead to a minor increase in vehicular, transit, pedestrian, and bicycle trips. In addition, the project has the potential to generate minor impacts to on-street parking conditions in the area. Vehicle parking demand may increase slightly as a result of the project, inducing a higher level of parking utilization in the immediate area. Despite this minor potential impact, DDOT has no objection to the approval of the requested variance.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT’s lack of objection to this zoning variance should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT’s permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT’s Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT’s Public Realm Design Manual.
