

MEMO TITLE

Subject: Statement of Existing and Intended Use
Project: Plummer Elementary
Project #: 1316

This memo is per the BZA application requirement for Plummer Elementary School

Statement of Intended and Existing Use:

Plummer Elementary School was originally built in 1959 with no major additions, alterations or change in use since its original construction. The proposed school capacity will be 450 Pre-School through Fifth Grade Students. This renovation of the building will include a modernization of the major educational spaces and the building systems. The building will continue to function as an Elementary School upon completion of this renovation.
