

GOVERNMENT OF THE DISTRICT OF COLUMBIA
DEPARTMENT OF TRANSPORTATION

d. Policy, Planning, and Sustainability Administration

MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Samuel Zimbabwe
Associate Director 

DATE: January 19, 2016

SUBJECT: BZA Case No. 19172 – 2425 N Street, NW

APPLICATION

Department of General Services (the “Applicant”), request for a special exception from requirements under § 411.11 to allow installation of new roof mounted mechanical equipment to an existing building in the R-4 District at premises 2425 N Street N.W. (Square 23, Lot 803).

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicant’s request and determined that based on the information provided, this proposed project will have no adverse impacts on the travel conditions of the District’s transportation network. DDOT has no objection to the approval of the requested variances.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT’s lack of objection to this zoning variance should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT’s permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT’s Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT’s Public Realm Design Manual.
