Subject: 615 Upshur - Case # 19177

To whom it may concern:

I was following up on a request for postponement by Duane Young at Redventures for BZA case # 19177. I wanted to confirm with you that the postponement request is coming with the knowledge and agreement of the ANC. I believe the neighbors and the developer are very close to a construction management agreement that will result in the withdrawing of the ANC's opposition to the project.

Many thanks for your assistance in confirming the postponement.

Regards,

John-Paul
