Rich,

Good afternoon.

I'm just following up on our discussion/meeting on March 18th. You mentioned that you were going to have your attorney review the plans/changes and get back to us. Is there anything else you need from us at this point? We have implemented the changes to the plans presented on 3/18 to integrate your building's comments.

We are nearing completion of the building permit set, and I wanted to work towards getting that letter from you and your building.

We are also still working on our plans for the Champlain water main replacement work – but hope to have that underway within the coming months.

Thanks.
