BZA Case #19203
1844 Kendall street NE Washington DC 20002

Dear Ms. Heath,

I am the owner of property adjacent to 1844 Kendall street NE Washington DC 20002 which is vacant for so long and has been a dumping ground for all types of trash thus a nuisance to the neighbors.

I am writing to express my support for building three unit condominiums on the property adjoining adjacent to my property.

Thank you for your anticipated approval of this project.

Yours Truly

on July 6, 2014 after working in the basement of 1844 Kendall my husband Alonzo Beasley left with co workers + was stabbed to death by a co worker. The pretty yellow house that we thought was a safety net, changed my life for ever. It is fine to build build condos But that will not bring Alonzo back. Karen Reynolds
