

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Board of Zoning Adjustment

Application No. 19203 of Sheela Tschand, pursuant to 11 DCMR §§ 3104.1 and 3103.2 for a variance from the side yard requirements under § 405 and a special exception from the conversion to apartment house requirements under § 336, to allow the conversion of a one-family dwelling into a three-story, three-unit apartment house in the R-4 District at premises 1844 Kendall Street, N.E. (Square 4048, Lot 808).

HEARING DATE: March 1, 2016

DECISION DATE: March 15, 2016

SUMMARY ORDER

SELF CERTIFICATION

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit 36.) The application was initially accompanied by a memorandum, dated November 3, 2015, from the Zoning Administrator certifying the relief required, but a self-certification form was filed at Exhibit 36 to reflect new computations based on the Applicant's revised plans.¹ (Exhibit 4.)

The Board of Zoning Adjustment (the "Board") provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 5D, and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 5D, which is automatically a party to this application. The ANC submitted a report indicating that at a regularly scheduled and properly noticed meeting on February 9, 2016, at which a quorum was in attendance, ANC 5D voted 7-0-0 to support the application. (Exhibit 24.) A letter detailing the ANC's support also was submitted by the Single District Commissioner (ANC 5D01). (Exhibit 27.) Letters in support of the application were submitted by two adjacent neighbors. (Exhibits 33 and 34.)

The Office of Planning ("OP") submitted a timely report and testified at the hearing in support of the application. (Exhibit 28.) The District Department of Transportation ("DDOT") filed a report expressing no objection to the approval of the application (Exhibit 26.)

Variance Relief

¹ At the March 1st hearing, the Applicant's architect testified that changes were being made to the plans to address the setbacks of the newly proposed penthouse structure. The Board requested that the Applicant submit a self-certification form or Zoning Administrator referral memo together with revised drawings reflecting the agreed-upon penthouse setbacks. On March 14, 2016, the Applicant submitted a self-certification form and revised plans. (Exhibits 36 and 35.)

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3103.2 for a variance from the side yard requirements under § 405. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, and having given great weight to the ANC and OP reports, the Board concludes that the Applicant has met the burden of proof under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with Zoning Regulations, and that the requested relief can be created without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Special Exception Relief

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to §§ 3104.1 and 336 for special exception approval to allow the conversion of a one-family dwelling into a three-story, three-unit apartment house in the R-4 District. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, and having given great weight to the ANC and OP reports, the Board concludes that the Applicant has met the burden of proof under 11 DCMR §§ 3104.1 and 336, and that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.

It is therefore **ORDERED** that this application is hereby **GRANTED, AND PURSUANT TO § 3125.8, SUBJECT TO THE APPROVED REVISED PLANS AT EXHIBIT 35.**

VOTE: **3-0-2** (Marnique Y. Heath, Frederick L. Hill, and Michael G. Turnbull TO APPROVE; Jeffrey L. Hinkle, not present, not voting; one Board seat vacant).
