Re: Case 19245

As Homeowners of 1612 Montague Street, NW , Washington DC 20011 we would like to object to the zoning change of height to 38.1 feet at 1605 Madison Street NW Washington DC (special exception/variance)

When the representative came to our house to discuss with us we were not aware of the overall height change of the house. After our neighbors told us of this change we did further research only to find out that they were right and we were wrong. We would therefore like to rescind our earlier approval of this zoning change.

Thank you.
