Dear Board of Zoning Adjustment,

Case # 19450: Homeless shelter at 3320 Idaho Avenue NW

We understand that you will be discussing the above case on March 1. As residents of McLean Gardens on Newark Street NW, we remain concerned about the likely reduction in street parking during the initial period of construction: the proposed requisitioning of 60 parking spaces full-time for police cars will be far more disruptive than the observed intermittent use of street parking by 69 cars over a twenty-four-hour period. We are also concerned about the possible destruction of plots and/or trees in the Community Garden, tennis courts, and playground, and would like to see stronger assurances that these will all be restored fully.

We would urge you to take these views into account.

Yours

Fiona and Mark Little
