Subject: Ward 3 shelter for the homeless

Dear Zoning Board Members- I am a homeowner in the Mclean Gardens Neighborhood and I want to be on record in strong support of the shelter that is being planned for our community. Contrary to many of my most vocal neighbors, there are many of us who perhaps do not make it out to community meetings to complain because we don't have anything to complain about. Dispersing these shelters across the city is a great way to enhance each community by helping us all to recognize our collective responsibility for one another. I look forward to opportunities to get engaged with the shelter and connect people to the rich resources upper northwest has to offer to all of its residents. It's about time!
