Subject: Support of Case # 19450, 3320 Idaho Avenue NW

Hello,

I am a resident of DC Ward 3, and I am very much in support of the new housing facility at 3320 Idaho Avenue NW. I am fully in support of Ward 3 doing its part to support those in need in our community. As a parent of three children who takes her children weekly to the Newark Street Playground, I see the great opportunity for families to live there with close access to a wonderful district playground and green space. Additionally, as someone who regularly takes the 30, 31, and 33 buses to commute to work, I realize the optimal placement of the housing near public transportation.

I fully support this housing development, and I hope the proposal will be approved.

Sincerely,

Kate Gelatt
