Subject: 19450

I am writing to oppose the city being granted any zoning exemptions for the proposed shelter on Idaho Ave.

This is a residential neighborhood and a 6 story building is incompatible with the homes and buildings in the community. The 186 bed shelter also increases the density of the population in the neighborhood well beyond what is reasonable.

I am quite concerned about the impact of a shelter of the proposed size on the functioning of the police station, the quality of education offered at the already overcrowded John Eaton Elementary School, and residents safety which would be compromised by significantly increased traffic and parking problems .

Such a shelter would meet the needs of neither the homeless nor the community.
