Subject: Opposition to proposed Ward 5 shelter case number 19452

Dear BZA members

I would like to take a moment to register my opposition to the short term shelter on 17th and Rhode Island Avenue. I have several problems with the location and the 9 variances required to make this project work. Seems like there is too much effort and cost involved to jam a square peg into a round hole.

As a business owner in the District, the whole process has verged on offensive. I understand the urgent need to address the situation at DC General, but it seems to me, the city has not had to adhere to even a small portion of the rules and regulations I follow operating businesses in town.

Thank you for your time,

Arthur Tomelden
