(Square 6170, Lots 58, 59, 60, 61, 62 and 63).

**HEARING DATE:** January 17, 2018; February 14, 2018  
**DECISION DATE:** February 14, 2018<sup>2</sup>

**SUMMARY ORDER**

**SELF-CERTIFICATION**

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR Subtitle Y § 300.6. (Exhibits 3 (Original) and 40 (Revised).) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 8D and to owners of property located within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 8D, which is automatically a party to this application. The ANC submitted a report recommending approval of the application. The ANC's report indicated that at a regularly scheduled, properly noticed public meeting on December 21, 2017, at which a quorum was present, the ANC voted 4-2 to support the application. (Exhibit 38.)

<sup>1</sup> The Applicant amended the application (Exhibit 40) by adding a variance from the side yard requirements of Subtitle F § 306.3 to the original request for a special exception under Subtitle U § 421.

<sup>2</sup> The hearing on January 17 was postponed to February 14, 2018.

**PAGE NO. 2**

The Office of Planning (“OP”) submitted a timely report recommending approval of the application. (Exhibit 32.) The District Department of Transportation (“DDOT”) submitted a timely report indicating that it had no objection to the grant of the application. (Exhibit 33.)

Variance Relief

As directed by 11 DCMR Subtitle X § 1002.2, the Board required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to Subtitle X § 1002.1 for an area variance from the side yard requirements of Subtitle F § 306.3, to construct six new one-family dwellings in the RA-1 Zone. The only parties to the case were the ANC and the Applicant. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, and having given great weight to the ANC and OP reports filed in this case, the Board concludes that in seeking a variance from 11 DCMR Subtitle F § 306.3, the Applicant has met the burden of proof under 11 DCMR Subtitle X § 1002.1, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Special Exception Relief

As directed by 11 DCMR Subtitle X § 901.3, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to Subtitle X § 901.2, for a special exception under the new residential development provisions of Subtitle U § 421.1. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the OP and ANC reports, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR Subtitle X § 901.2, and Subtitle U § 421.1, and that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR Subtitle Y § 101.9, the Board has determined to waive the requirement of 11 DCMR Subtitle Y § 604.3, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.
