I wish to register my opposition to the request for a zoning exception on the property at 3608 S Street NW: Case number 19672.

My home, 3605 R Street NW, is directly opposite, across the alley, from 3608 S Street. If the exception is allowed, I and my family will be harmed. The back of our house faces north. If the exception is granted, the new structure at 3608 S Street NW will block out our afternoon sunlight in winter, and will make the rear of our house even colder than it currently is. In addition, the gigantic nature of the proposed structure will be totally out of character with the neighborhood which makes Burleith such a good place for families.

Thank you,

Herman J. Cohen
