Re: BZA Case No. 19730

Dear Board of Zoning Adjustment:

The Heritage Foundation is located directly across a public alley from the Sons of Italy Foundation. I am aware they are seeking a special exception and variance under the District of Columbia's zoning regulations to continue to operate its 501 (c)(3) non-profit office uses on the Property they have owned since the 1980s. I understand that they are not changing their current operations, but the zoning relief is necessary for them to continue their longstanding office use.

The Sons of Italy Foundation have been a long-standing member of the neighborhood for more than 30 years, and I cannot recall any time their operations have impacted my business or others on the block. We have no objection to their application.

Sincerely,
