FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

CASE NO. 04-24A (Rhode Island Avenue Metro PUD - 2nd Stage)

THIS CASE IS OF INTEREST TO ANC 5B

On July 20, 2006, the Office of Zoning received an incomplete application from Mid-City Urban LLC and A & R Development Corporation (collectively, the "Applicant") requesting approval of a second-stage planned unit development ("PUD") for property adjacent to the Rhode Island Avenue Metrorail Station near 9th Street and Rhode Island Avenue, N.E. The application was completed on August 11, 2006.

On September 11, 2006, the Zoning Commission deferred a decision whether to set down the case for hearing, pending the Applicant's provision of additional information. The Applicant supplemented its application on October 6, 2006, and the Office of Planning provided its supplemental report the same day. The case was set down for hearing on October 16, 2006. The Applicant provided its prehearing statement on October 18, 2006.

The property that is the subject of this application consists of approximately 368,282 square feet of land area and is located immediately to the east of the Rhode Island Avenue Metrorail station near 9th Street and Rhode Island Avenue, N.E. (part of Parcel 130, Lots 220 and 221). The PUD site consists of the existing parking lot for the Metrorail station plus land extending north to the Rhode Island Avenue frontage, all owned by the Washington Metropolitan Area Transit Authority. The subject property is zoned C-2-B pursuant to the first-stage PUD order in this case, Order No. 04-24 (effective October 7, 2005).

The Applicant proposes to construct a mid-rise, mixed-use town center development on the site, consisting of 274 rental apartments with a gross floor area of 321,544 square feet, approximately 70,000 square feet of retail space, and associated amenities such as a green roof and a swimming pool. The total proposed density is 1.52 FAR. The development will be organized around a "Main Street" running perpendicular to the Metrorail station, with three stories of residential apartments above ground floor retail uses on both sides of the Main Street. The mixed-use pattern of development will also wrap around the entrance drive to the Metrorail station and will

continue along the Rhode Island Avenue frontage of the site. Other parts of the proposed development will consist of three or four stories of residential use. Two parking garages will be integrated into the development and will provide 469 parking spaces for retail and residential uses, including shared parking spaces for Metrorail customers. (Immediately to the south of the PUD site, the Washington Metropolitan Area Transit Authority will construct a 200-car parking garage in the M District to accommodate some of the 340 spaces on the existing parking lot, which will be displaced by the Applicant's proposed town center development.) Twenty percent of the apartments (54 units) in the proposed second-stage PUD will be maintained as affordable for a period of 20 years to households having 50 percent or less of the area median income.

The C-2-B District is a medium-density mixed use zone that permits development of office, retail, residential and mixed uses to a maximum height of 65 feet and a maximum floor area ratio (FAR) of 2.5, of which no more than 1.5 FAR may be devoted to nonresidential uses. With a PUD, the maximum permitted height is 90 feet and the maximum permitted FAR is 6.0, of which no more than 2.0 FAR may be devoted to nonresidential uses.

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.

How to participate as a witness.

Interested persons or representatives of organizations may be heard at the public hearing. The Commission also requests that all witnesses prepare their testimony in writing, submit the written testimony prior to giving statements, and limit oral presentations to summaries of the most important points. The applicable time limits for oral testimony are described below. Written statements, in lieu of personal appearances or oral presentation, may be submitted for inclusion in the record.

 - (5) An explanation of how the person's interest as identified in response to paragraph (4) would likely be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than those of other persons in the general public.
