Please answer all of the following questions referencing why the above person should be granted party status.
 (If you require additional space, please attach an additional sheet.)

- How will the property owned or occupied by such person, or in which the person has an interest be affected by the action requested of the Board?
The construction on residential site will cause an increase in noise, debris, dust, and construction vibrations threatening the foundation of the existing building adversely affecting health, safety, habitability and peace and quiet of the residents
- What legal interest does the person have in the property? (i.e. owner, tenant, trustee, or mortgagee)
The applicant's proposal will cause rental increases that will result in the displacement of many current residents and will foster the affordable rental housing crises in the District of Columbia
- What is the distance between the person's property and the property that is the subject of the appeal or application before the Board? (Preferably no farther than 200ft.)
approximately 200 ft.
- What are the environmental, economic or social impacts that are likely to affect the person and/or the person's property if the action requested of the Board is approved or denied?
The proposal fails to state how rent would increase as a result of expansion and to address the economic impact on current residents.
- Describe any other relevant matters that demonstrate how the person will likely be affected or aggrieved if the action requested of the Board is approved or denied.
Additional documentation will be furnished at the day of the hearing.
- Explain how the person's interest will be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than that of other person's in the general public.
