Please answer all of the following questions referencing why the above person should be granted party status.
(If you require additional space, please attach an additional sheet.)

1). How will the property owned or occupied by such person, or in which the person has an interest be affected by the action requested of the Board?

This section of Cyclid is new. Guarded new - attention should be paid to the recent building - improved parking.

2). What legal interest does the person have in the property? (i.e. owner, tenant, trustee, or mortgagee)

Tenant of the building 37 years.

3). What is the distance between the person's property and the property that is the subject of the appeal or application before the Board? (Preferably no farther than 200ft.)

25-50 feet - again we are going to be concerned by that name - location for some people no concern for people of color

4). What are the environmental, economic or social impacts that are likely to affect the person and/or the person's property if the action requested of the Board is approved or denied?

There are several issues in this building, no concern for them as anyone has been shown - not worried what we are facing is very confusing. Also when people care of concern it adds to the problem.

5). Describe any other relevant matters that demonstrate how the person will likely be affected or aggrieved if the action requested of the Board is approved or denied.

Something must be done to provide help for the older population of the building. No thought or care has been given to them so far. Tenant in good standing should not be put in this position - should not be so severely treated.

6). Explain how the person's interest will be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than that of other person's in the general public.

Forced to leave the building, will not be able to relocate financial ease or convenience.
