Re: Case # 05-15, 318 I Street N.E. PUD

Dear Ms. Mitten:

On October 12, 2005, at our duly noticed monthly Advisory Neighborhood Commission 6C meeting, with a quorum of 7 out of 9 commissioners present and voting, we voted to support this PUD application for development in our community. The vote was 6 ayes, 0 nays, and 1 abstention.

The developer held several community meetings to explain the project and answer questions. The planned development was generally well received at these meetings as well as the ANC 6C Zoning and Planning Committee meeting.

We understand that the hearing for this application is Monday, October 24, 2005, and with little time remaining for mail, we are hand-delivering this letter to your office so that you will have it in time for the hearing.

Sincerely,

Mark Dixon
Chairman, ANC 6C
