FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

Z.C. CASE NO. 05-23A (NoMa West Residential I, LLC – Square 3576, Lot 815)

THIS CASE IS OF INTEREST TO ANC 5C

On June 7, 2007, the Office of Zoning received an application from NoMa West Residential I, LLC, on behalf of CSX Realty Development, Inc. (the “Applicant”). The Applicant is requesting a modification to the planned unit development approved by Z.C. Order No. 05-23. The Office of Planning provided its report on July 20, 2007, and the case was set down for hearing on July 30, 2007. The Applicant provided its prehearing statement as part of its application on August 7, 2007.

The property that is the subject of this application consists of approximately 187,958 square feet of land area and is located on the east side of Eckington Place, N.E. and on the north and west sides of Harry Thomas Way, N.E., in Square 3576, Lot 815. The zoning approved for the property by Zoning Commission Order No. 05-23 is C-3-C. As part of the application, the Zoning Commission will consider rezoning the property to the C-3-A District.

The approved PUD consists of approximately 739,951 square feet of residential area and 15,084 square feet of retail. The residential uses consist of 585 to 636 units located in three large buildings, 27 piggyback townhouse units and 5 four-story single family townhouses. The approved PUD will have a total gross floor area of approximately 755,035 square feet and a density of 401 FAR. The building heights will range from 40 feet for the townhouses to 110 feet for the larger buildings. The project will have a lot occupancy of 47.43% and a residential parking ratio of 1.2 to 1.3 spaces per unit. Approximately 46 parking spaces are proposed for the retail uses.

The applicant proposes to modify the previously approved PUD by constructing a multi-family project that consists of approximately 617,318 square feet of floor area. The modified PUD will have approximately 600 dwelling units housed in three buildings. Building 100 will have approximately 118,793 square feet of gross floor area, and a maximum height of 57 feet, 6 inches; Building 200 will have approximately 252,589 square feet of gross floor area and a maximum height of 64 feet, 7 inches; and Building 300 will have approximately 245,936 square feet of gross floor area and a maximum height of 61 feet. The modified PUD will have a density of 33 FAR and a lot occupancy of 63%. The parking ratio will be a minimum of .8 spaces per unit.

The C-3-C District permits mixed residential and commercial development as a matter of right, to a maximum lot occupancy of 100%; a maximum FAR of 6.5; and a maximum height of 90 feet. Under Chapter 24, the guideline for height in a PUD is 130 feet and the guideline for FAR in a PUD is 8.0 residential or non-residential.

The C-3-A District permits mixed residential and commercial development as a matter-of-right, to a maximum lot occupancy of 75%; a maximum FAR of 4.0, of which no more than 2.0 may be devoted to other than residential uses; and a maximum height of 65 feet. Under Chapter 24, the guideline for height in a PUD is 90 feet and the guideline for FAR in a PUD is 4.5, of which no more than 3.0 may be commercial.

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.
