**Re: Zoning Commission Case No. 05-42—PUD and Zoning map Amendment
Letter of Support for the Sibley Hospital Project**

Dear Chair Mitten and Members of the Commission:

We wish to convey our support for the PUD and Zoning Map Amendment application for Sibley Hospital's proposed construction of a medical office building. For more than thirty years we have lived within walking distance of the hospital and believe the building and attached garage will not negatively impact the Palisades neighborhood.

To the contrary, having raised two children, over the years we have made good use of Sibley's superb medical services and regard the hospital as a significant attribute that helps to make the Palisades such an attractive area.. The proposed new doctors' offices with space for enhanced medical services will enable Sibley to offer improved services to us and our neighbors..

Far from being a "commercialization" of the neighborhood, we believe that having doctors' offices right in our area will increase the quality of life for those of use who live in the Palisades.

We urge the Commission to approve the proposal.

Respectfully,

Anne Allen
George Allen
