Re: Case No. 05-42
PUD and Zoning Map Amendment
Letter of Support for
Sibley Hospital Project

Dear Chairperson Mitten and Commissioners:

We write in support for the pending application covering Sibley Hospital's proposal to construct a medical office building and parking garage. We believe the proposal is appropriate and consistent with the present use of the site, will enhance the medical treatment that Sibley already provides and will not adversely impact the Spring Valley or Palisades neighborhoods.

We have resided in Spring Valley for 27 and 15 years, respectively, and have always regarded Sibley as a good neighbor and important asset to the surrounding area. We also know that many of our own physicians consider the space that will be provided by the proposal to be more convenient for them and their patients, ourselves included.

We have attended many of the ANC meetings that considered the proposal and heard no convincing arguments in opposition. To the contrary, many residents who testified were very persuasive as to the need for the improvements that will be made by Sibley.

We urge the Commission to grant this application.

Sincerely,

Susan Elliot
Pat Nicolette
