**Re: Zoning Commission Case No. 05-42-PUD and Zoning Map Amendment
Letter of Support for the Sibley Hospital Project**

Dear Chairperson Mitten and Members of the Commission:

My house is located on Loughboro Road, directly across the street from the main entrance to Sibley Hospital.

My purpose here, without reservation, is to support the Hospital's proposals for PUD and zoning amendments now before the Commission.

I have lived across the street from Sibley Hospital for over 32 years. Throughout this period Sibley has consistently been a good neighbor, making substantial efforts and expenditures regarding landscaping and planting to present an attractive space and grounds for its important work. The now 16' foot high hedge of holly trees that shields a parking lot from public view is an example to me of the Hospital's continuing voluntary efforts in this regard.

I appreciate the Hospital's need to provide our community with added services and medical offices and am confident that the Hospital's proposals will be carried out with great sensitivity toward traffic, environmental and visual concerns.

Very truly yours,

Fred Simpich
