**Re: ZONING COMMISSION CASE No. 05-42- PUD
and ZONING MAP AMENDMENT
Letter of Support for the Sibley Hospital Project**

Dear Chairperson Mitten and Members of the Commission:

As both a patient and volunteer at Sibley Hospital I have found its spirit to be unique. The staff treat patients and each other with genuine care and concern. If supporting the PUD and ZONING MAP amendment regarding Sibley Hospital's proposed construction of a medical office building, etc., will keep our favorite hospital fully staffed with the best possible people, then you have my full support for the endeavor.

Having lived in this area for over 35 years, I know the area, its strengths and weaknesses, and I know its feelings regarding Medical Care and it's high respect for all that Sibley stands for and accomplishes.

Many in our neighborhood are elderly, and it's easier for them to get a ride to Sibley because of its location on Loughboro Road. If their doctors were able to have offices there, it would be a blessing for the entire community. We need this new structure in order that Sibley may continue to provide the best service possible.

Please consider most seriously, the benefits of health and well being of our community and grant Sibley the approval needed for this worthwhile project.

Respectfully,

Ethel H. (Sandy) Cahill
