RE: Zoning Commission Case No. 05-42—PUD and Zoning Map Amendment

Dear Ms. Mitten and Members of the Commission:

I write to express my support for the PUD and Zoning Map amendment application of Sibley Memorial Hospital, the acceptance of which would enable the building of medical offices and a parking garage. I feel that this addition would not have a negative impact on the neighborhood; in fact, I feel that it would be an asset.

I have lived in this area for 43 years, and I have been a patient at Sibley several times. Being so conveniently located near a first-rate hospital has proved to be important to my, and my family's, health and welfare. Easy accessibility to the proposed medical offices, clinics, and pharmacies would be equally beneficial.

Sibley's proposed project would not only enhance the quality of life in this already desirable neighborhood, it would contribute greatly to the health and well being of all of us who live here.

I urge you to grant approval of Sibley's important project.

Sincerely,

Carol M. Corrigan
