Re: Zoning Commission Case No. 05-42—PUD and Zoning Map Amendment
Letter of Support for the Sibley Hospital Project

Dear Chairperson Mitten and Members of the Commission :

The purpose of this letter is to express my strong support for the PUD and Zoning Map amendment application regarding Sibley Hospital's proposed construction of a medical office building. It is my belief that the medical offices and accompanying parking garage proposed by the applicant are entirely appropriate for the site and will not negatively impact the Palisades neighborhood.

I have been a resident of the Palisades neighborhood for 31 years, and during that time Sibley Hospital has provided important services to my late husband and to myself, and well as to many neighbors. Furthermore, the hospital has served as a good neighbor within this local community, providing funding and support to our local projects. I would like to see Sibley continue to thrive at its current site, and I look forward to the accessibility of a medical office building and its related services. Therefore, I urge the Zoning Commission to grant approval for this project.

Sincerely,

Cecelia H. Hilgert
