Re: Zoning App. Case # 05-42 - PKA + Zoning  
Map Amendment

I am writing this letter in support  
for the Aubrey Hospital Project. I live  
in the neighborhood + have for years  
+ welcome the idea of doctors offices close  
by + accessible by car + bus. I also like  
the fact that the hospital is there for  
needed blood work or X rays. As I age, I  
appreciate things being conveniently located.  
The size + height will be mitigated by the  
fact that it is tucked in a back area,  
not close to houses. Please allow this project  
to go forward

Sincerely,
